## RECENT PROJECTS

### AI Drive-Thru HMI Platform (MVP Stage)

Product Design | Enterprise SaaS | Voice AI | QSR Operations

- Designed multi-role interfaces for real-time operational workflows into scalable UI systems, interaction models while iterating on user feedback
- Conducted competitive benchmarking of food-tech's to evaluate POS ecosystems. Assisting BD through design-led proposal and core MVP features with gap analysis, systems-mapping approach, efficient HMI layouts

### Mobile-first Food Ordering app

F&B Operations | Movie -goer Experience

- Led user research to understand pre-show urgency, in-movie frictions and conducted competitive analysis to evaluate checkout efficiency, upsell mechanism and delivery logistics
- Designed streamlined browse → cart → timed delivery logistics, reducing checkout steps by 30%(6 mins faster) compared to benchmarked

## WORK EXPERIENCE

### Think Round Inc. // UX UI Designer

Feb 2026- present, San Francisco

- Designing an education-focused platform from 0→1 in wellness space. Performed competitive audit across 5+ industry competitors to synthesize insights into 2 user personas & scalable content architecture
- Architected information hierarchy, improving content discoverability by ~20% followed by Low-to-high fidelity wireframes
- Prototyped responsive layouts through scalable UI components to increase task completion rate by ~25%

### HMC Architects // Designer

Oct 2022 - Oct 2025, San Jose, CA

- Designed 6+ healthcare, MOB and education projects (K-12) \$8M-\$200M+, delivering compliant HCAI, DSA submittals (equiv. HIPPA & HITECH)
- Applied constraint-based system thinking balancing regulatory codes, spatial efficiency, and user experience through adaptable environments
- Reduced permit revisions by ~25% by integrating ADA, CBC (equiv. WCAG) Coordinated with cross-functional consultants resolving design conflicts and minimizing RFIs by ~25% (-8/week)

### Mason Architects // Architectural Designer

Aug 2021 - Sept 2022, San Carlos, CA

- Executed high-end residences into functional, innovative design solutions valued 10M+ accelerating project delivery by ~15% (+\$120k-260K)
- Contributed to full project lifecycle reducing delays by 20% through QA/QCs (equiv. Design QA). Improved stakeholder approval speed by 40% on the spot through immersive 3D visualization prototypes

### Bernard van Leer Foundation // Urban Designer

Jul 2019 - Oct 2019, India

- Drove Urban95- a data driven initiative for ITCn. Conducted stakeholder workshops and user research across 5+ partners. Translated policy insights into tactical intervention frameworks that triggered mobility and space usage by 40% footfall (+400 people/day)

## PREVIOUS EXPERIENCE

### Studio LK / Design Intern

Oct 2018- Nov 2018, London

Facilitated Design Proposal for Sighthill Regeneration Masterplanning- Glasgow

### Lunkad Properties/ Junior Architect

Jun 2015 - Apr 2016, India

Designed mixed-use projects (\$200k-4M) through technical documentation

## EDUCATION

### Google UX Design Professional

COURSERA -GOOGLE

Dec 2025

### Masters Adv. Arch. & Design

CALIFORNIA COLLEGE OF ARTS 2020-21

### Masters Urban Design

UNIVERSITY OF WESTMINSTER 2016-18

## SKILLS

### UX & Product Design.

Interaction UI design  
Design Development  
Information Architecture  
Design Systems  
Wireframing  
Prototyping  
Hand & Digital graphics

### Research.

UX Strategy  
Competitive benchmarking  
Qualitative, Quantitative Analysis  
Usability Study | Maze

## TOOLS

Figma  
Sketch  
Adobe CC  
Miro | Mural

## TECHNICAL SKILLS

BIM Workflow  
AutoCAD  
Rhino  
Enscape | Lumion

### AI Tools.

Midjourney | Dynamo | StableDiffusion

## AWARDS

Design Excellence Award  
CCA, San Francisco- 2021

Merit Scholarship  
CCA, San Francisco- 2020

175 Westminster Hon. Scholarship  
UOW, London- 2016

Design work exhibited at Berlin & Seoul Biennale of Architecture & Urbanism, 2021
